

St John's Music Band Instrument Rentals

- For over 100 years, we have met the needs of band programs across Canada. St. John's Music has top of the line repair facilities and certified trained music education specialists. You will find only quality in our instruments and service.
- Our rental program is catered specially to beginner band students. If your son or daughter has previous experience in band music and is looking to upgrade their playing, come visit the store or visit us online to see our stock of Intermediate and Professional level band instruments.
- **We rent high-quality brands known for their great sound, ease of playing and durability.** We are also the authorized Yamaha dealer for Alberta. Most of our rentals are Yamaha brand. Yamaha instruments are recognized worldwide to be the highest standard in the industry.
- **We offer a combined Rent & Rent-to-Own Program.** What that means for you is 3 things:
 - You can rent this instrument, month-to-month, until you return it or you buy it. As soon as you don't want to rent, you can bring it back to the store and stop your next payment.
 - Your rental payments are passively going toward the purchase price of your rental instrument, plus interest. If you rent long enough, it will be paid off and you will own it.
 - Also, if you rent for awhile and decide you want to buy your rental instrument, you are able to pay off the remaining balance and own it at your convenience.
- The best thing about this program, is that you don't have to worry about your future plans for this instrument, or for music lessons at all. You can decide down the road what you wish to do with the instrument and there are no issues with changing your mind.
